About Us:

Access Health CT

Small Business is a place where individuals, families and small businesses can shop, compare and enroll in quality health plans from brand-name insurance companies.

Our mission is to increase the number of insured small businesses in Connecticut with less than 50 employees.

We know how much you care about your business and your employees. We also know how important it is to protect what you care about. And we can help. By making health coverage for small business owners possible.

Health insurance can be complicated. But we make sense of it all. We help you understand your options and provide a choice of health and dental plans, so you can find what works best for you and your employees.
